Memo to Noncoal File:

RE: Tosco Oil Shale Corporation
ACT/047/007 001
Uintah County, Utah

The above-mentioned proposed operation was visited on March 11, 1982, by Tom Tetting, Sandy Pruitt and Joe Helfrich. The purpose of the trip was to acquaint members of the Division with the proposed oil shale pilot venture, as the mine plan is presently being reviewed by the Division's technical staff. With the exception of eight foundation drill holes, drilled approximately 50 feet in depth, there is no activity at the proposed site at present. Division members gleaned a general idea existing of the proposed surface facility layout during the inspection.

JOSEPH C. HELFRICH
FIELD SUPERVISOR

JCH/btb
